#### CHALLENGE

For years, FSG has been a trusted partner in maintaining the lighting systems of Waffle House locations across the DFW metroplex. Our team has provided a variety of services, including routine maintenance, emergency repairs, and complete lighting system upgrades, ensuring each restaurant remains safe, well-lit, and inviting for customers and staff alike.

#### SOLUTION

From parking lot pole lights and exterior wall packs to signage illumination, FSG's expert technicians are equipped to handle any lighting need. We work closely with Waffle House managers and decision-makers to provide timely, cost-effective solutions that keep their businesses running smoothly. Whether addressing a single outage or performing a system-wide upgrade, our team remains committed to delivering high-quality service with minimal disruption to daily operations.

#### RESULT

This ongoing partnership is built on trust, reliability, and a shared commitment to excellence. As Waffle House continues to serve communities across the region, FSG is proud to play a role in maintaining their visibility and safety through expert lighting solutions. Our dedication to consistent, high-quality service ensures that Waffle House locations remain bright, welcoming, and efficient for years to come.
