LIGHTING CASE STUDY

FSG Provides Stunning Exterior Lighting for Albuquerque's Premier Luxury Hotel Property

CHALLENGE

Renowned for its luxury and scenic beauty, the Hyatt Regency Tamaya Resort and Spa in Albuquerque, New Mexico, sought to enhance its nighttime ambiance with a modern exterior lighting system. Recognizing the importance of maintaining its pristine image, Hyatt management turned to FSG's Albuquerque branch, leveraging their longstanding partnership for lighting projects.

SOLUTION

Mark Jaramillo, Account Manager at FSG Albuquerque, collaborated with Hyatt management to design a lighting solution that complemented the resort's natural surroundings and enhanced guest experiences after sunset. Leveraging FSG's national lighting distribution network, the project seamlessly procured over 500 exterior lighting fixtures, including pole lights, ground lights, and pathway lighting.

RESULT

Implemented in phases over the summer of 2022, the exterior lighting upgrade transformed the Hyatt Tamaya Resort and Spa into a captivating nighttime destination. Not only were guests delighted by the enhanced ambiance, but Hyatt Hotels also applauded the successful project execution and the continued partnership with FSG Albuquerque, solidifying their commitment to delivering exceptional experiences for their guests.
